

Summary Writing

The summary of this passage revolves around the harms of over population. Over population is a situation when the necessities of people are more than its resources. The alarming and incessant growth of population is causing serious economic problems all over the world. Great pressure is being placed on the arable land. Water is another critical item for cultivation. Water resources are under great pressure / stress as populated cities, states and countries require and withdraw more water from rivers, lakes and resources used for food production.

Strategies for the future must be based on the conservation and careful management of land, water, energy and biological resources needed for food production.

Q. No. 7 (Page 2)

Sports and game are becoming popular in Pakistani school as well. Pakistani school going boys and girls know that their growing bodies need regular physical exercise to keep them selves healthy and fit. As we all know that:

"All work and no play makes Jack a dull boy."

Another my favourite hobby is to express different areas. The love of nature comes naturally to me. The degree of love varies from person to person. My adventuresome spirit promoted me and a friend of mine suggested me to visit Naran in Kaghan valley. We reach there by bus. The journey was tiring. This trip is very special for me. We explore different areas.

Reading books is also my hobby. It ~~was~~ is very helpful in increasing our knowledge. It is the building block
